determine what's the lowest and the best for the need that they have. On this basis, I think we can say that this amendment is a money-saving amendment that will, the benefits of which pass on to the customers of the district in holding rates down and I would ask for the Chambers' support of this amendment. Thank you very much.

SPEAKER KRISTENSEN PRESIDING

SPEAKER KRISTENSEN: Senator Wesely.

SENATOR WESELY: Mr. President, members, I just was wondering, Senator Tyson, is this a bill that was in a committee or...

SENATOR TYSON: Yes, it was and I'm trying to think of the...it was my bill. I think it was...

SENATOR WESELY: What committee was it in and do you know the bill number?

SENATOR TYSON: I believe it was in Transportation, I'm not sure.

SENATOR WESELY: Transportation?

SENATOR TYSON: I believe.

SENATOR WESELY: (Laughter) Senator Bromm has come awake and...

SENATOR TYSON: Senator Wesely, it was not this year.

SENATOR WESELY: Oh, not this year.

SENATOR TYSON: It was last year.

SENATOR WESELY: Okay. Well, the only thing I was going to ask is I worked on this issue some years ago, not on the used equipment, though, and it dealt...it was a very difficult topic in the early eighties on bidding and bypassing bidding and so there's some sensitivity on my part to this. But you are simply focusing on the purchase of used equipment. That's the only change you're really making, right?
